PROFESSIONAL SUMMARY

Engineering student at INBTP and web developer based in Kinshasa. I build responsive websites, application prototypes and automation workflows, combining prompt engineering, AI-assisted development and accessible motion design. Fluent in English and seeking remote opportunities in AI training, model evaluation, data annotation and quality assurance.

CORE SKILLS

AI and workflows: Prompt engineering, Claude, Lovable, Replit, AI-assisted coding, n8n, Docker Desktop, Node.js WhatsApp bots.

Web development: HTML5, CSS3, JavaScript, TypeScript, React, Next.js, Tailwind CSS, responsive UI/UX and accessible CSS animation.

Back-end and data: NestJS, PHP, SQL, PostgreSQL, Prisma, Supabase, APIs, Render and Vercel deployments.

Quality and collaboration: Git/GitHub, technical documentation in English, web accessibility, SEO and iterative prototyping.

SELECTED PROJECT EXPERIENCE

FEMAF ONG | Web developer | June 23, 2026

<https://femafong.com/>

- Built and published a responsive website for an academic guidance organization, covering services, study destinations, FAQ and contact flows.
- Used React, Vite and Tailwind CSS to structure and present the organization's content.

Sukulu | School-management prototype and API | 2026

<https://sukulu-web-kinshasa.onrender.com/>

- Developed a web/PWA prototype for student records, USD/CDF finance, grades and offline attendance using demonstration data.
- Project includes a Next.js interface and a NestJS API with PostgreSQL/Prisma.

SELECTED PROJECT EXPERIENCE (CONTINUED)

MacDo Mami | Restaurant website and ordering flow | 2026 - ongoing

<https://dellyngoyi3-max.github.io/macdomami-version-2/>

- Created two website iterations with a filterable menu, cart, reservations and orders sent through WhatsApp.
- Added a table QR-code journey and mobile-first interactions using HTML, CSS and JavaScript.

Aridja World | School-management demo | 2026

<https://sukulumanage-5qctqlcs.manus.space/>

- Designed a separate demo experience for Kinshasa schools, including role-based journeys, USD/CDF cash handling and a parent entry point.

ADDITIONAL WORK

Mukina Inn & Art Gallery: hospitality website showcase and booking enquiry flow (<https://lustrous-blancmange-ca564c.netlify.app/>). Clinic Manager DRC: front-end prototype of a clinic operations dashboard.

EDUCATION

INBTP, Kinshasa | Building Technology Engineering | Ongoing

- Engineering and technology preparatory year: 2023–2024.

CERTIFICATION

HP LIFE (HP Foundation) | L'IA pour les professionnels (AI for Professionals) | June 26, 2026. Topics: business applications of AI, effective prompting and responsible use.

LANGUAGES

French: native. Lingala: native. English: fluent. German: A1.
